

International Financial Services Centre

A Financial & Technology Gateway of India

Prime Minister's Vision For GIFT City (IFSC)

"My vision is that in ten years from now, GIFT city should become the price setter for at least a few of the largest traded instruments in the world, whether in commodities, currencies, equities, interest rates or any other financial instrument." The concept of IFSC is simple but powerful. It aims to provide on-shore talent with an offshore technological and regulatory framework. This is to enable Indian firms to compete on an equal footing with offshore financial centres."
